Elkhart, Indiana.

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) expended public funds to control and investigate the release of hazardous substances at the Lusher Street Site, located in Elkhart, Indiana, hereinafter referred to as the "Site". The U.S. EPA took these actions pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. Section 9604, as amended by the Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, and pursuant to Section 3007 of the Reauthorization and Recovery Act (RCRA), 42 U.S.C. Section 6927.

Pursuant to the authority of Section 104(e) of CERCLA, 42 U.S.C. Section 9604(e), and to Section 3007 of RCRA, 42 U.S.C. Section 6927, you are hereby requested to respond to the Information Requests enclosed. Compliance with the enclosed Information Requests is mandatory. Failure to respond fully and truthfully to each and every Information Request within thirty (30) days of receipt of this letter, or to adequately justify such failure to respond, can result in enforcement action by U.S. EPA pursuant to Section 3008 of RCRA under which U.S. EPA may seek the imposition

of penalties of up to twenty-five thousand dollars (\$25,000) for each day of continued noncompliance, and/or pursuant to Section 104(e)(5) of CERCLA which, as amended, authorizes the United States to seek penalties from a Federal Court of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance. "Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up to five (5) years of imprisonment or both under 18 U.S.C. Section 1001. The U.S. EPA has the authority to use the information requested herein in an administrative, civil or criminal action.

This Information Request is directed to you, your company, its officers, directors and employees, and its subsidiaries, divisions, facilities and their officers, directors and employees. The relevant time period for this request is 1970 to 1989. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Your response should be accompanied by a notarized affidavit from a responsible company official or representative stating that a diligent record search has been completed and that there has been a diligent interviewing process with all present and former employees who may have knowledge of the operations, hazardous substance use, storage, treatment, releases, spills, disposal or handling practices of the Respondent between 1970 and 1989. If no such claim accompanies the information when it is received by U.S. EPA it may be made available to the public by U.S. EPA without further notice to you. You should read carefully the above-cited regulations, together with the standards set forth in Section 104(e)(7) of CERCLA, before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim, as stated in Section 104(e)(7)(ii) of CERCLA.
